Aug 30th 1908

Dear Min

I suppose you will think that i am a long time answering your letter. I am still in the land of milk & honey, more milk than honey though. I will not be here very long now, i think that i will leave in about three or four weeks. I might go over Wimbleton way it is supposed to be a good place for shearing, i might come across Bob, i would like to have a yarn with him. I have been to Masterton but i didnt stay long enough to find Harry. We are having pretty good weather

up here, there has been no floods.
I have only been off the place one
sunday since i came here. I havent
f been to any dances up here, i
suppose you had a good time at
Springbrook. I ell mother that i
got the memorial card alright, it
had been at the post office there
about a week before i got it.

I here is not a blooming thing to
write about so goodby, hoping
you are quite well. (I am pretty
thin & miserable thank god)

Fred
